

REFUSE PICK-UP IN PRINCEVILLE

Before moving into your new residence, you must call the County of Kaua'i at 241-6636 to initiate your trash pick-up service. All questions and/or problems related to trash pick-up should also be directed to the County.

The start of service may take up to three weeks, so call them early!!

Please:

- ✍ Place your trash containers and/or bags at the end of your driveway either late Sunday night or very early on Monday morning (typically pick-up is between 5 AM and 8 AM). Please do not place trash out before Sunday night.**
- ✍ Return your trash cans to your screened location or garage as early as possible after pick-up on Monday, not several days after.**
- ✍ If you are away on trash day, please make arrangements with one of your neighbors to take care of your trash cans, or contact the Patrol office at 826-6181. Leaving trash containers out longer than necessary makes the neighborhood unsightly, unhealthy and indicates that the residence is unattended. Courtesy Reminder Notices (CRN's) will be issued by Patrol staff to homeowners who do not follow these guidelines.**
- ✍ Stored trash containers and/or bags are to be screened from the view of the roadway and neighbors.**

Mahalo for your cooperation.
