Re: Open Position – Princeville Community Association - Board of Directors

I would like to run for the open position on the Board of Directors of The Princeville Community Association.

I am currently the President of the Emmalani Court AOA Board of Directors, a forty-two unit complex in Princeville. Over the last twenty five years I have served as a board member on community associations of single family homes and condominiums in Kansas City, Missouri and Denver, Colorado. I have also served on the Board of Directors for the Master Association of a planned golf course community in Castle Rock, Colorado.

My husband, Norm and I purchased our home in Princeville in 2003 and moved here as full time residents in 2005. My first visit to Kauai was in 1964 to visit the CoCo Palms site of the Elvis film “Blue Hawaii” - I returned on many vacations over the last 40+ years.

Prior to moving to Kauai, I held senior management positions in business operations with a number of Fortune 500 companies: TWA, Cendant, and Convergys. I believe my business background, previous BOD experience, and love of Kauai and Princeville make me an excellent candidate to serve on the PCA Board of Directors.

I look forward to being a more actively involved member of PCA.

I appreciate your consideration. Mahalo!
